**When the topic of the Bachelor's thesis has been determined, the first reviewer is requested to send this form to the Examination Office.**

**Instructions regarding "Notice of Intention to Submit a Bachelor's Thesis":**

1. If you have been unable to find a supervisor for your Bachelor's thesis, please contact the Chair of the Board of Examiners that is responsible for your course of study. The Chair of the Board of Examiners will then allocate a supervisor for you.
2. The supervisor (first reviewer) will advise you with regard to the nomination of the second reviewer.
3. If you are writing a joint thesis, please specify the name(s) of the collaborating student(s).
4. After filling in this form, please forward it to the first reviewer for signing.
5. Especially with digital signatures, the form is to be forwarded directly from the first supervisor to the Examination Office at the e-mail address: [pruefungsamt@hsu-hh.de](mailto:pruefungsamt@hsu-hh.de)
6. You can find the calculated submission date of your Master's thesis in your CMS platform under "Information about registered exams in the column "Examination date".
7. You can hand in your thesis in person during the opening hours of the examination office or put it in the mailbox located at the examination office (Building H11). If the thesis is sent by mail, the date of postage with the shipping service provider always applies. You are responsible for providing proof of timely submission. For this reason, we recommend sending it via registered mail or parcel.  
Note: mobile postage stamps do not include a date stamp that could document timely submission. The use of such stamps is therefore not suitable for proving timely shipment.

**When the topic of the Bachelor's thesis has been determined, the first reviewer is requested to send this form to the Examination Office.**
